- ➤ Overall the percentage of budgeted revenues for all funds being collected is on mark for the end of the 3rd quarter at 76% of budgeted revenues collected, with the GF coming in slightly above at 80% collected.
- ➤ Budget & Finance has been in communication with departments who appear to be close to, or exceeding, the 75% expended mark indicative of the end of the third quarter. If necessary budget adjustments will be made. For those departments who have no ability to increase budget authority, they are making a conservative effort to avoid any chance of violating budget law by exceeding appropriation authority.
