### GROWING HEALTHY FUTURES

Participating in WIC supports the long-term health of women, infants, children and families. WIC is proven to support longer pregnancies and positive birth outcomes<sup>1</sup>.

For children, the American Academy of Pediatrics identifies three foundations of healthy child development:

- **Stable, Responsive Relationships**
- **Safe, Supportive Environments**
- **Appropriate Nutrition<sup>2</sup>**

WIC is the premier public health nutrition program and it supports all three of these developmental foundations.
