Request an Estimate of Potential Tax Liability from Specially Assessed Farmland or Forestland

Upon receipt of this completed request with the \$150 fee the assessor's office will calculate an estimated disqualification amount for property from a Farmland or Forestland special assessment. If you wish to only calculate an estimated disqualification for a portion of the property please attach a map with a description of the area to be disqualified. Please note that this does not disqualify the property however, if you are the property owner and you wish to have the property disqualified for the same tax year for which this estimate was calculated for the \$150 disqualification fee will be waived. The property owner will need to complete the Request for Disqualification request form.
