Licensing Your Dog

**It's not just the law.
It's a good idea!**

All Clatsop County Residents are required by law to license their dogs annually. Residents who reside within the city limits of Seaside and Gearhart are required to license their dogs through their local police departments. Dogs are required to wear their license tag at all times when not on the premises of their owner.

Now it's easy!

For your convenience, Clatsop County uses a year-round licensing program. You can buy either a license that is good for one year from the date of purchase or a license that is good for three years. Renewing your dogs' license is now easier. We now issue long-lasting stainless steel tags that will be your dog's permanent tag. Just send in your payment to renew the license in our records. No need to remove and put on a new tag on your dog's collar each year. One year license expires one year from the month of purchase and three year licenses expire three years from the month of purchase. You have until the last day of that month for renewal without a late penalty.
