INTRODUCTION

This review draft includes documents from the Clatsop Vision 2030 Together process. It includes an Overarching Vision (page 2), Core Community Values (Page 3), and Focus Area Visions (Pages 4-6). We’ve also included for discussion, The Focus Area Visions with potential strategies and possible county roles (pages 7-13). The information behind these documents was derived with extensive community input through:

• Community Interviews
• Regional Workshops
• Online Questionnaire I
• Vision Drafting Team
• County Staff
• Vision Summit Workshop
• Astoria Saturday Market outreach
• Clatsop County Fair outreach
• Online Questionnaire II
IN 2030, we celebrate Clatsop County’s unique regional and maritime setting and its distinct communities, finding common ground in our shared values and local identities. We protect and enhance our scenic beauty and natural resources as the foundation of our prosperity and outstanding quality of life. We create good jobs and economic opportunity through carefully planned, equitable growth where the benefits remain in our community. Our strong, well-funded schools, expanded higher education system, and a well-educated, diversified workforce guarantee our success by anticipating future local needs. We plan wisely for our local communities, concentrating development in existing urban areas, while preserving our ocean, shorelines, wetlands, forests, rivers and scenic corridors. We rejoice in sharing our local culture and history, including art, music, theatre, dance, and festivals. We assure access to excellent health care, public safety and recreation for all our residents, and are prepared for any emergency that may come our way. TOGETHER, we ensure that Clatsop County will remain our shared home – a special place where future generations grow together as we live, work, recreate, contribute and thrive.
Natural Setting. We value our natural beauty, limited natural resources, forests, rivers, wildlife, open spaces, fertile land, and clean air and water.

History, Arts and Culture. We value our unique location, rich history, arts and cultural influences, and the connections they provide to both our past and future.

Aquatic Environment. We value our aquatic environment, the ocean and rivers, wetlands and estuaries, and our maritime and fishing heritage and traditions.

Quality of Life. We value livable and affordable communities, appropriate constraints on over-commercialization, and the ability to find peace and tranquility.

Community Atmosphere. We value friendly people, distinct small towns, tight-knit communities and neighborhoods, and knowing and supporting our neighbors.

Caring People. We value compassionate, caring people, the willingness to reach out and help others in the community, and being a place where everyone can flourish.

Living Wage Jobs. We value living wage jobs that enable working people to be thriving, productive, and contributing members of the community.

Excellent Education. We value excellent schools and teachers, opportunities for higher education, lifelong learning, and the development of new knowledge and skills.

Accessible Health Care. We value healthy communities with accessible and affordable health care in every community throughout the county.

Safe Communities. We value safe, secure and resilient communities that are prepared for potential emergencies and natural disasters.

Recreational Opportunities. We value equal access to nature for all, close-by natural and developed parks with hiking trails, and other healthy outdoor activities.

Civic Spirit. We value a ‘can-do’ spirit, engaged citizens and problem-solvers, volunteerism, and abundant opportunities to contribute to the community.

Good Planning. We value human-scale planning, managed growth in harmony with existing communities, efficient and sustainable use of resources, and good public transportation.

CLATSOP VISION
2030 TOGETHER
Vision Focus Areas
ECONOMY & JOBS

In 2030, Clatsop County has a diverse, stable economy that produces good living-wage jobs, allowing people of all ages and incomes to live here and thrive. Our economy balances the county’s natural resource base with its scenic beauty – and growth with the long-term sustainability of our environment. We recognize the importance of our traditional industries, such as forestry, fisheries and tourism, while transitioning to the emerging economy of the 21st century. While maintaining our status as a maritime and forest products center, we also promote “value-added” industry and light manufacturing in appropriate locations. Newer, innovative enterprises are drawn here for both our natural environment and skilled workforce, and our prosperity builds on our rich culture, historical traditions, and vibrant arts and culture scene.

ARTS, CULTURE & HISTORY

In 2030, Clatsop County arts and culture reflect the essence of this place – its scenic beauty and natural resources, rich history and cultural traditions, and diverse and creative people. The arts are truly embedded in the county, its communities, and its educational system. They are also an integral part of our emerging economy. Artists, craftspersons, designers, graphic artists, and “creatives” can earn a good living here, contributing to the diversity and vibrancy of our economy. We celebrate our culture through art, music, theatre, dance, performance, literature and poetry – and through our museums, galleries, historical and cultural attractions, schools and classrooms, festivals and events. We have greatly increased arts opportunities for our youth, and our arts and cultural facilities are well supported – and treasured – by the community.

HEALTH, SAFETY & RESILIENCE

In 2030, Clatsop County has a high quality of life that contributes to our general public health and safety. We lead the state as a center for active living and wellness, and in our capacity for personal growth, development and happiness. Access to good health care is assured across the county and in all its communities. Community health has been strengthened through education on lifestyle improvements, physical activity, and good nutrition. More people walk and bike for recreation and to get places. There are fewer incidents of smoking, alcohol and drug abuse, and mental illness. We are a safe, equitable and inclusive community, where people know, look out for – and reach out to – one another. We have achieved “food security,” ensuring access to healthy, affordable food countywide. We have improved our law enforcement, fire and emergency services, and community members are fully educated and prepared for any emergency or natural disaster.

EDUCATION & LEARNING

In 2030, Clatsop County residents are better educated than ever, improving their lives and livelihoods. We take great pride in our capacity to learn in a variety of ways. Our schools are well funded and recognized for their academic strength. Our high schools have maximized their graduation rates. They provide students with multiple pathways to better jobs and higher education, and help them become active, contributing members of the community. Clatsop Community College is a uniting institution and catalyst in our community, with
expanded vocational training offerings that prepare students to earn a living wage in the professions and trades, as well as worker re-training and lifelong learning for older students. A college education is accessible to all qualified local residents, who can now earn a four-year degree without leaving the county. Our libraries have significantly enhanced their educational, community and learning services with increased access and availability.

ENVIRONMENT, NATURAL RESOURCES & RECREATION

In 2030, Clatsop County preserves its natural beauty and shares it with the world. We are rich in natural resources, with mountains, forests, rivers, ocean beaches, wetlands and estuaries, thriving wildlife, and plenty of clean, fresh air. Our natural environment is a key contributor to our quality of life. It presents unique opportunities for a vibrant yet sustainable economy that is in balance with nature. Our forestlands are sustainably managed, with portions permanently protected for their inherent natural value. Our parks and natural areas offer ample opportunities for outdoor recreation and healthy, active lifestyles. Our communities constantly connect us to our surroundings – set in nature, livable, and linked by walking paths and bike trails. This ever-present connection to nature sustains and inspires us to be better stewards of our environment.

COMMUNITY DEVELOPMENT & PLANNING

In 2030, Clatsop County maintains its quality of life through good planning and sustainable growth and development. Involved citizens, robust civic engagement, dedicated leadership, and strong partnerships make planning and community development succeed. New development in the county is focused on existing communities and urban areas, and zoning is clear, flexible and creative. Our infrastructure is modern and efficient, highway corridors are safe and well maintained, and public transportation is accessible and affordable. While our local communities have distinct character and identity, there is strong collaboration among them. Every community has a vibrant center, affordable housing, and is walkable, bikeable and transit-friendly. Our planning and development policies are attuned to the county’s ongoing resiliency, responding to the continuing challenges of climate change, natural disasters and food security.
